

Vana HT 90°C Filterhousing

Vana HT Water filter housing.
Professional housing completely made in natural PP, with EPDM gas-kets. Suitable for both industrial and food and beverage applications, where high standards of clean quality and performance are needed.

The housing can function in temperatures up to 90°C and pressure up to 8 bar.

EPDM gaskets guarantee a perfect watertight and and chemical compatability

Technical Features	
Vana Full 90°C Filterhousing	
Head	PP
Sump	PP - Reinforced
O-ring	EPDM
Working pressure	8 bar
Burst pressure	12 bar
Working temperature	5°C + 90°C min./max.
Capacity @ 2bar (empty)	¾" F 108,50 l/min
Life test	200.000 cycles from 0-10 bar
