Softsel Crystal Salt for Water Softener

www.nordicfiltration.com

Technical Data

Chemical Specification:

NaCl	≥ 99,8%
H ₂ O	< 0,1%
Ca	< 0,06%
Mg	≤ 0,03%
Additives	none

- European standard EN 973 type A
- DIN 19604
- AFNOR T90-612

Advantages

- More salt volume than pellets
- Less cleaning in the softener
- European standard EN973A
- No additives used in production

Soft-Sel Crystals

Salt crystals for water softeners, for the regeneration of ion exchange resin.

Soft-Sel Crystals is very pure refined salt and has been developed especially for the softening of water for human consumption and water used in the food industry. For use in both domestic and industrial appliances.

Grain size	min.	max.
< 2000 µm	0%	5%
2000 - 5000 µm	0%	20%
5000 - 16000 µm	70%	100%
16000 µm	0%	5%
20000 µm	0%	1%
Bulk Density	1150 - 1300 kg/m ³	

* the grain size analysis is performed according to ISO 13322-2:2006 with Sympatec Qicpic Particle Analyzer

Nordic Filtration

At www.nordicfiltration.com you will find a wide selection of filtration products ready for you to order.

Nordic Filtration offers a wide selection of filtration products for water treatment. We have stock in Denmark from where we distribute all of our products to Scandinavia and the the rest of the world.

You can buy our products on local websites or by contacting us by phone or e-mail. Information about our products as well as brochures and manuals can be found on our website (www.nordicfiltration.com).

We can adapt all of our filtration products to your needs, and we offer visits from our consultants in order to find the right solution for you.
