

# WATER SEPARATORS

Centrifugal separation to remove up to 99% of water aerosol in compressed air

Compressed air is normally saturated with moisture in the form of water vapour as well as aerosol, and this needs to be removed to prevent problems further downstream at the point of application.

AFE's water separator is specially designed based on the proven centrifugal separation to remove up to 99% of the water aerosol in compressed air. Working in conjunction with other compressed air treatment products like filters, after-coolers and dryers, the water separator is a very cost effective way of further enhancing their efficiency by ensuring that bulk water generated in the compressed air is properly separated and discharged from the system.

**Vortex Generator Vane**  
Aerodynamically designed vortex generator vanes for greater efficiency.

**Vortex Generator Cone**  
Conical profile for enhanced vortex effect.

**Cyclone Arrestor**  
Special profile designed to improve separator efficiency and prevent re-entrainment of separated water.

**Automatic Condensate Drain**  
Efficiently discharge separated water from the system.

## FEATURES AND ADVANTAGES

- removes up to 99% bulk water
- very low maintenance cost
- simple and easy to install
- efficient automatic drain
- powder coated
- chromatised housing

# Nordic Filtration

At [www.nordicfiltration.com](http://www.nordicfiltration.com) you will find a wide selection of filtration products ready for you to order.

Nordic Filtration offers a wide selection of filtration products for water treatment. We have stock in Denmark from where we distribute all of our products to Scandinavia and the the rest of the world.

You can buy our products on local websites or by contacting us by phone or e-mail. Information about our products as well as brochures and manuals can be found on our website ([www.nordicfiltration.com](http://www.nordicfiltration.com)).

We can adapt all of our filtration products to your needs, and we offer visits from our consultants in order to find the right solution for you.
