Water tap icon

Water level gauge icon

The SCALA1 control panel features a red progress indicator at the top, a 'Stop' button with a blue indicator light, a power button, a Wi-Fi button, and a 'Reset' button. Below these are three small icons: a water tap, a water level gauge, and a timer. To the right, a status panel shows a smartphone with a Bluetooth icon, a green progress indicator, and a timer icon for the 'Off (default)' state, and a red progress indicator and timer icon for the 'On' state. At the bottom, a water tap icon with a blue arrow points to a circular gauge showing a red water level.
